

# SSG4000E

## Silicone sealant

<b>1. Product Type</b> Unique identification code of the product-type:	<b>SSG4000E</b>
<b>2. Type, batch or serial number</b> allowing identification of the construction product as required under Article 11(4):	<b>SSG4000E</b> batch number on packaging
<b>3. Intended use or uses</b> of the construction product, in accordance with the applicable harmonized technical specification, as foreseen by the manufacturer:	<b>Sealant to be used in Structural Glazing kits in Systems Types I and II as per ETAG002</b>
<b>4. Name</b> and contact address of manufacturer as required pursuant to Article 11(5):	<b>Momentive Performance Materials Silicones B.V.</b> <b>Plasticslaan 1</b> <b>4612PX Bergen op Zoom, The Netherlands</b>
<b>5. Authorized representative's name and address</b>	<b>Not applicable</b>
<b>6. System(s) of assessment and verification</b> of constancy of performance of the construction product as set out in the CPR, Annex V:	<b>System 1 for SSGS kits Type II</b> <b>System 2+ for SSGS kits Type I</b>
<b>7. Harmonized standard and Notified Body</b> in case the declaration of performance is concerning a construction product covered by a harmonized standard (hEN)	<b>Not applicable</b>
<b>8. European Technical Assessment and Notified Body</b> in case the declaration of performance is concerning a construction product for which a European Technical Assessment has been issued:	<b>UBAtc issued ETA-10/0196 valid till 2015-08-31. BCCA (Notified Body 0749) performed initial type testing of the product, initial inspection of the factory and production control and performs continuous surveillance, assessment and approval of production control. BCCA issued EC-certificate of conformity 0479-CPD BC1-441-0222-10/0196-01.</b>

GE is a registered trademark of General Electric Company and is under license by Momentive Performance Materials Inc. Momentive Performance Materials provides versatile materials as the starting point for its creative approach to ideas that help enable new developments across hundreds of industrial and consumer applications. We are helping customers solve product, process, and performance problems; our silanes, fluids, elastomers, sealants, resins, adhesives, urethane additives, and other specialty products are delivering innovation in everything from car engines to biomedical devices. From helping to develop safer tires and keeping electronics cooler, to improving the feel of lipstick and ensuring the reliability of adhesives, our technologies and enabling solutions are at the frontline of innovation.
