The road to innovation starts with Momentive. Wherever you drive, we’re there – inside and outside the vehicle, under the hood, and where the rubber meets the road. Every day, we deliver the materials and expertise that drive innovation in the automotive industry.

**INTERIOR**
- Seating Foams
- Air Systems Seals & Flaps
- Turbo-Hoses
- Spark Plug Boots
- Wire Harness, Connectors & Cables

**UNDERHOOD**
- Fuel System Seals, Gaskets, O-Rings & Membranes
- Powertrain Seals & Gaskets
- Engine Mounts

**EXTERIOR**
- Rain/Camera Sensors
- Ignition Cables
- Weatherstrip Coating
- Tire & Rubber Coupling Agents
- Dashboards
- Switches & Light Guides

**HIGH-PERFORMANCE MATERIALS FOR INNOVATIVE APPLICATIONS**
- **ELASTOMERS** for underhood parts that combine high strength with light weight for increased fuel efficiency
- **COATINGS** improve the clarity and useful life of headlight lenses
- **HIGH-PERFORMANCE GELS AND ENCAPSULANTS** to protect sensitive electronics underhood
- **FIRE-RESISTANT RESINS AND URETHANE ADDITIVES** for seating, molded interiors and acoustical insulation
- **SILANES** improve the rolling resistance and wet traction of tires

AND THESE ARE ONLY THE START.

MOMENTIVE’S RESEARCH AND APPLIED EXPERTISE IN THE AUTOMOTIVE INDUSTRY ARE ACCELERATING INNOVATION FROM THE DRIVE TRAIN TO THE FINISH, MAKING US A KEY PARTNER IN THE INDUSTRY’S FUTURE.
