and Emulsifying Agents

MOMENTIVE™
inventing possibilities

Consumers Have Strong Beliefs About What Products Are Right For Them

Our Spreading, Texturing and Emulsifying Agents Will Make Them True Believers

Consumers want pigments in color cosmetics to blend and disperse properly; sunscreens to spread quickly and evenly for all over protection and skin care to deliver a desirable, soft feel. Our spreading agents, emulsifiers and texturing agents can help you meet these needs in anti-aging, non-greasy, lightweight and natural-feeling products specifically designed for the active lifestyle. The Product Selection Table on the back cover will make it easy for you to match specific ingredients with the extraordinary benefits they deliver.
