OphthaSil 401 Silicone Fluid

OphthaSil* 401 silicone fluid

Description
OphthaSil* 401 silicone fluid is a high purity 3-methacryloxypropyltrimethylosiloxane (TRIS). Adding OphthaSil 401 silicone monomer to the contact lens formulation may increase oxygen permeability of the lens.

Key Features and Typical Benefits

- High purity
- High oxygen permeability

Potential Applications

- Silicone hydrogel soft contact lens
- Rigid gas-permeable contact lens

Purity % | >98 | GC (internal method)
Dimer % | < 0.5 | GC (internal method)
Volatile % | ≤0.5 | GC (internal method)
Color APHA | ≤ 10 | DIN EN ISO 6271
Water % | ≤ 0.5 | Karl Fisher
Appearance | Clear, pale-yellow color; liquid | Visual

Typical properties are average data and are not to be used as or to develop specifications.

**Availability**

OphthaSil® 401 silicone fluid is available in 5kg pails

**Shelf Life & Storage**

When stored in an unopened container at 10 degrees Celsius or less, this product has a shelf life of one year. The warranted shelf life of the material is indicated by the “use before date” on the product certificate.

**Patent Status**

Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute the permission, inducement or recommendation to practice any invention covered by any patent, without authority from the owner of the patent.

**Product Safety, Handling and Storage**

Customers should review the latest Material Safety Data Sheet (MSDS) and label for product safety information, safe handling instructions, personal protective equipment if necessary, emergency service contact information, and any special storage conditions required for safety. Momentive Performance Materials (MPM) maintains an around-the-clock emergency service for its products. MSDS are available at www.momentive.com or, upon request, from any MPM representative. For product storage and handling procedures to maintain the product quality within our stated specifications, please review Certificates of Analysis, which are available in the Order Center. Use of other materials in conjunction with MPM products (for example, primers) may require additional precautions. Please review and follow the safety information provided by the manufacturer of such other materials.
