

SAG* 1000AP

SAG* 1000AP
silicone antifoam

Product Description

SAG 1000AP antifoam is a very durable, 100% actives antifoam that can provide excellent foam control in non-aqueous environments that can be difficult to manage. SAG 1000AP antifoam normally exhibits excellent uniformity with easy dispersing properties in applications as diverse as detergents, petroleum processing and functional chemicals.

Key Features and Typical Benefits

- increased production throughput
- excellent uniformity and durability
- foam control in non-aqueous systems where aggressive foam occurs
- easily dispersed in the process liquid or in a solvent carrier

Typical Physical Properties

Appearance	Yellow
Form	Liquid
Viscosity (25 °C) after stirring	1500 cPs
Active Ingredient Content	100% by weight

Typical data are average data and actual results may vary.

Typical data shall not be used as product specifications.

Potential Applications

- Functional Chemicals and Chemical Specialties
 - Agrochemical formulations
 - Antifreeze coolant solutions

- Cleaning solutions
- Cutting oils
- Hydraulic fluids
- Lubricating oils
- Metal cleaning compounds
- Powdered detergents
- Sludge de-watering
- Soluble oil cutting and grinding concentrates
- Petroleum Processing
 - Aromatics extraction
 - Asphalt processing
 - Coker heater tubes
 - Delayed coker drums
 - Gas-oil separators
 - Glycol dehydrators
 - Propane de-asphalting

Patent Status

Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute the permission, inducement or recommendation to practice any invention covered by any patent, without authority from the owner of the patent.

Product Safety, Handling and Storage

To ensure that the product quality is maintained, the container should be tightly sealed when not in use. Store at normal room temperature, and prevent prolonged exposure to extreme heat or freezing conditions, which may cause product separation. If separation does occur, thaw if frozen, stir the contents, and use in the normal manner.

Customers should review the latest Safety Data Sheet (SDS) and label for product safety information, safe handling instructions, personal protective equipment if necessary, emergency service contact information, and any special storage conditions required for safety. Momentive Performance Materials (MPM) maintains an around-the-clock emergency service for its products. SDS are available at www.momentive.com or, upon request, from any MPM representative. For product storage and handling procedures to maintain the product quality within our stated specifications, please review Certificates of Analysis, which are available in the Order Center. Use of other materials in conjunction with MPM products (for example, primers) may require additional precautions. Please review and follow the safety information provided by the manufacturer of such other materials.

Limitations

Customers must evaluate Momentive Performance Materials products and make their own determination as to fitness of use in their particular applications.
